EVENT INFORMATION

CUST DOMAIN, 111 MILL ROAD, CUST

Online nominations open for CEN and CEI Nominations now. Definite Entry details to follow a little closer to the time - <https://www.123formbuilder.com/form-5069733/>

The FEI Process – This event is slightly different to our other events in that it has an international portion for the CEN and CEI 80km competitors. What this means at entry time, is that we need to call for nominations for those competitors. Any competitor thinking of entering a CEN or CEI event will need to submit one of these nominations. So just at the moment, the entries for the remaining classes are not open. We will open them the usual 3 – 4 weeks prior to the event. A list of all events are listed below though, so you will be able to plan well in advance.

The ride – Cust will be similar to previous seasons, we will keep you up to date with more information a little closer to the time.

Camping will be available to all over the course of the event, with the luxury of flush toilets and awesome facilities for the ground crew! Thanks, so much to the Cust Domain for allowing us to use this super venue.

Canterbury Club Membership is also still available if required. Club membership will give you a \$5 discount on the entry fee. Please complete the form via this link - <https://form.jotform.co/92598743003865>

Although internet banking is preferred, you are still welcome to pay on the day for all events other than the CEI/CEN Combined class. Payment via cash, cheque or online. Please use your Name as the ref. for payment. Westpac 03 1583 0013798 00 CETRC

Sending through your entry prior to the event will speed up the entry process, guarantee your entry at the event and help us get you out there enjoying it all quicker 😊
