Section 2: Jumping

Max. Height 4 yr olds 85cms, 5 yr olds 95cms.

Section 3: Conformation

Horse to be presented unsaddled and in a snaffle bridle.
NO BOOTS OR BANDAGES.

Section 4: All horses may be recalled and required to show their paces, including gallop.

Riders to be aware of scores and be ready immediately after the last horse has completed Section 3. Boots and bandages allowed.

In the dressage phase, unlike a normal dressage test, we are not assessing the state of training and marks are not given for individual movements. Therefore the judge may stand wherever they will get the best view. Three correct, elastic and regular paces through a swinging back are what we are looking for. The judge will have to weigh up the influence of the rider; a good rider may present a well balanced, smooth test from perhaps a moderate, unscopey horse, while a novice rider may even hinder a good horse from showing its true worth. It is the horse's and not the rider's real potential that we are looking for. Likewise, in the jumping section a weak horse may rattle three or four fences but jump clear while a good one might have a fence down, through inexperience, and then show an improved useful technique. It is the latter we are interested in.
